Chicagoland's prime source for real estate information

Property Insight is the recognized source for Chicagoland real estate information. Our records pre-date the Great Chicago Fire of 1871. Our local team of *Xpress Services* experts have, on average, 27 years of experience in record searching and customer service.

We capture and post every real estate-related transaction in the Chicagoland market within days of receipt from public record providers. Our data is both historically deep and current.

Chicagoland *Xpress Services* offers the following custom searches:

- Commercial property searches, *from standard subdivided property to large, complex projects*
- Residential property searches *that can be updated within six months at a nominal fee*
- Real estate tax searches *that disclose tax payment information*
- Multiple-site *property reports*
- Judgment and tax lien searches *that span local, state and federal sources*
- Zoning variance notification lists *to identify property owners who need to be alerted to zoning changes*
